# Sree Balaji Medical College extends free mobile medical services programme to next I-day

Chennai, Aug 26: In commemoration of the 75th anniversary of India's Independence, the Chennai-based Sree Balaji Medical College and Hospital, is running a 75-day free mobile medical services programme in the city, delivering healthcare services to all specialties at the doorstep of the patients. Modelled closely on Tamil Nadu government's Mukatala Thodi Manutharam, a doorstep healthcare scheme, it is a first-of-its-kind social service initiative from the private sector anywhere in the state.

The highlights of the 75-day program are: free expert consultation, diagnostic tests - including blood tests and ECG, and distribution of medicines. Except for the charges on CT and MRI scans, patients do not have to pay for anything - even for advanced treatment given in the hospital setting. Based on the evaluation of the outcomes in the first 75 days, the program can become a year-long feature, and can be extended to cover suburbs and outskirts of the Chennai city as a phased manner. The institution has also launched a round-the-clock helpline for sick patients from their residences without charging any additional fee for the overnight collection.

Talking about the 75-day free mobile medical services program, Dr. D. R. Govindarajan, Medical Director, Sree Balaji Medical College and Hospital, said, "We have launched the program

to commemorate the 75th anniversary of the country's Independence, and to demonstrate our commitment to reach the benefits of modern medicine to the poorest of the poor. Our hospital has been providing treatment to patients from poor socio-economic backgrounds almost at free of cost as a highly subsidized price.

However, there are patients who find it difficult to travel to our hospital. We hope that the doorway healthcare will come as a boon for them. Well-equipped mobile vans, carrying a team of senior doctors, paramedical staff, lab technicians, and pharmacists make scheduled visits to various locations in the Chennai district, serving patients from poor socio-economic backgrounds. Patients requiring further treatment are brought to the hospital in the same van the next day. Our target is to reach 300-350 patients a day through 75-day free mobile medical services program.

In his comments on the free blood sample collection, Dr. G. Prabhakaran, Professor and CEO, Surgical Gastroenterology, Sri Balaji Medical College & Hospital, Chennai, said, "It is for the first time a medical college with over 1500 beds is launching a free doorstep collection of blood samples - that too, at an extra cost to the patients. The idea is to help the patients get the treatment started without delay."

A 3D light-sound show titled "Viduthala Perli Thambiragan" to commemorate the 75th year of independence organised by Information Department is on at Chennai Kalambaram Arangan, Today Agaramaram Dux Bosco school students visited the exhibition.

# TN will lead digital services delivery in six months: Minister

Chennai, Aug 26: The state would top the country in digital service delivery in the next six months, said information technology and digital services minister Manu Thangaraj here on Thursday.

After inspecting the work on the Smart Special Economic Zone (SSEZ) at Vandalur along with electricity minister V. Senthil Balaji, he said the facility would create employment opportunities for 15,000 people. Being developed at a cost of 113 crore, the project is nearing completion now. He said the state had improved its ranking in digital service delivery to second in the country from 17th in a very short

span of time. "The server capacity of government agencies was in a deplorable condition when the DMK government took charge. We revamped them up quickly without causing any difficulties to the people."

The minister said Coimbatore would be developed into a knowledge and technological hub. The city has the potential, thanks to the availability of highly skilled manpower produced by the quality educational institutions in the region.

The Tamil Nadu e-Governance Agency he said, was working on a three-pronged strategy - digital delivery services, digitization of government offices and data-centric governance - to help the government roll out welfare missions without wasting resources.

He dependent on startups by their innovations and problem-solving ability.

Earlier, Thangaraj inaugurated Smart India Hackathon 2012 at the Hindustan Institute of Technology in the district. Talking to the media on the sidelines of the event, he said many new firms were setting up their offices in the state. "Coimbatore is in demand as it is an emerging IT hub."

The minister said the government was also giving a push to the startups and innovation. In fact, he said, big technological firms would

Agriculture Welfare Minister M.R.S. Panneerselvam inaugurated the borewell work in Vadalur, Cuddalore at a cost of Rs. 12 lakh.
